

## **The Robert B. McGowan Memorial Scholarship**

The Robert B. McGowan Memorial Scholarship is awarded to an engineering or computer science major. The award is based on academic merit. Each recipient of this award should be available to be introduced to the membership of the Rocket City Chapter of the ITEA at an appropriate place and time. The student will be contacted by the organization.

The scholarship is awarded in memory of Mr. Robert B. McGowan who graduated from the University of Alabama in Huntsville in 1984 with a bachelor's degree from the College of Engineering. The donor represents a local chapter of a professional association (ITEA), chartered in Washington, D.C. as an educationally oriented, not-for-profit technical society in 1980 to further the exchange of technical information in the field of test and evaluation.

This scholarship is renewable for up to three additional years. The student must maintain a full-time course load (12 credit hours) each semester. In addition, recipients must complete a total of 24 credit hours each academic year and have a cumulative GPA of 3.0 or higher to be eligible for renewal. Students should submit a scholarship application every year in order to update their files and possibly be eligible for other awards.
