

39th International Test and Evaluation Symposium

Forging the 21st Century T&E Tools in an Era of Great Power Competition

September 27-30 | 2022

The Westin Virginia Beach
Town Center

Virginia Beach, VA

The current Global Power Competition (GPC) climate can pose a change to the acquisition and fielding process of most systems. It is important to understand the 21st Century T&E Tools to improve testing to meet the GPC demand. How will the military budget, DoD, DHS, and commercial industry adjust in a time of risk and change? Is your organization ready?

Sessions will be unclassified and open to the general T&E community, however, restricted sessions (up to FOUO) may be made available. Abstracts will be reviewed for a presentation during a conference session or as a poster paper. Abstracts accepted for presentation, along with the slides, will be available online for attendees after the Symposium concludes.

CALL FOR TUTORIALS

Tutorials that address the theme of the Symposium are being requested. Pending final program decisions, the tutorials will be scheduled in two 4-hour blocks on Tuesday, September 27th. Tutorials must be strictly non-marketing in scope, unclassified, and public releasable. Please provide a synopsis of tutorial no later than March 1, 2022 to Symposium@itea.org.

Erwin Sabile, CTEP
ITEA 2022 Symposium Chairperson
ITEA Hampton Roads President
sabile_erwin@bah.com

Lena Moran
Exhibits & Sponsorships
ITEA Event Coordinator
Lena@itea.org

Abstracts Due: March 1, 2022

Topics for Consideration:

- Artificial Intelligence
- Autonomous Systems Testing
- Agile Testing
- 5 G
- Machine Learning
- Cyber Testing
- Digital Engineering
- Mission to Mars

Abstracts should be non-commercial in scope, pertinent to conference topic, no longer than 500 words, and releasable to the general public. Please complete the Abstract submission form and submit to Symposium@itea.org.
